

Glass Style Railing

INVISIRAIL®

Staging Concepts' Invisirail® glass railing system is designed and constructed using laminated or fully tempered glass. Our glass railing system can be mounted as an independent railing or in combination with many of our other railing options, making it a perfect choice where sightlines and safety are a must. A variety of materials, finishes and colors are available to meet your project requirements.

We can design and manufacture custom railing or assist in determining which of our standard models works best for your application.

INVISIRAIL® – Glass Style Railing
